# Director's Message

**Prof. Laxmidhar Behera**

*Director IIT Mandi*

*Dear Aspirants*

IIT Mandi has achieved a remarkable milestone by becoming the first IIT to introduce a five year Integrated MBA program. Adhering to the motto, "Scaling the heights," IIT Mandi strives to provide our students with an environment filled with academic rigor and training so that they emerge as great leaders, prepared to tackle the challenges of the world effectively. Nestled in the picturesque Uhl river valley in the Shivalik range, IIT Mandi offers a unique learning experience to its students. Since its inception in 2009, IIT Mandi has consistently worked to nurture professionals with industry-ready skills.

We achieve this by starting new programs and periodically revising the curriculum in consultation with academic and industry experts to keep it relevant to the fast-changing global human resource needs. Academic excellence is our greatest strength. We have been able to create a state-of-the-art research, teaching, and learning facility in this picturesque Kamand Valley, which is attracting students and faculty from all around the country and across the world. This helps IIT Mandi to fulfill its motto of 'Scale the heights'.

As a premier technology institution, IIT Mandi has been diligently assessing the industry's requirements. With the growing dependence on data for making business decisions to gain competitive advantage, organizations are increasingly utilizing technological tools from the domain of data science and artificial intelligence. This has resulted in an increased demand for business leaders who possess a thorough understanding and skills to effectively use these technologies within the business environment. The MBA program in Data Science & Artificial Intelligence was introduced in 2022 to cater to this demand of the industry. In 2024, we took a step forward by introducing this five year IMBA program. The program offers students a distinct chance to obtain a masters degree in management right after 10+2 from a top-tier institute in the country.

The IMBA program amalgamates relevant courses from Management Sciences, Analytics, Data Science, Artificial Intelligence, Communication, and personality development disciplines to ensure the holistic development of its graduates. With industrial internships, training, and exposure to diverse business environments, the program aims to nurture socially aware future business leaders with a strong appreciation for technology and human values.

I wish you all, the very best!

# Chairperson's Message

**Prof. Anjan Kumar Swain**

*Chairperson  
School of Management  
IIT Mandi*

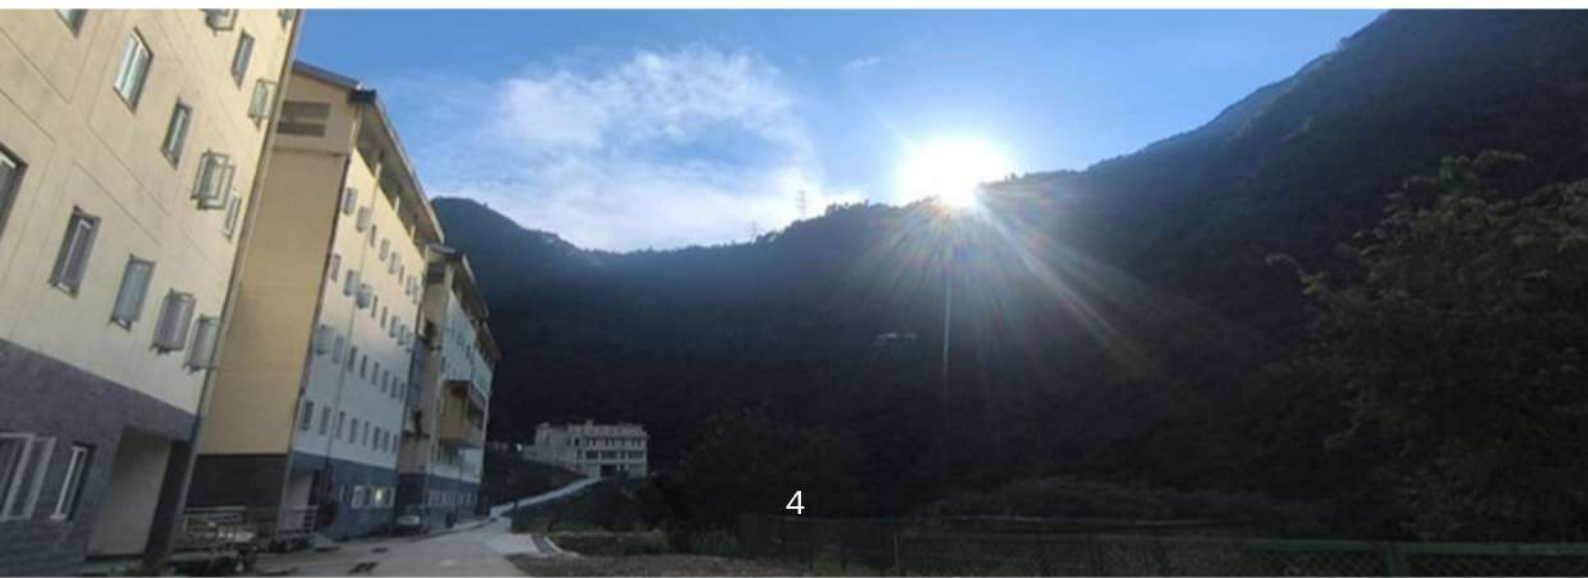

*Dear Aspirants*

It gives me great pleasure to announce the commencement of admissions for the 2nd batch of our unique five-year Integrated MBA (BBA Analytics (Honors) and MBA DS&AI) at the School of Management, IIT Mandi. The inaugural batch of students is in their exciting educational journey achieving the milestones set at the launch of this programme with a pure commitment to become future AI-driven business professionals.

This program is thoughtfully designed to nurture and develop our students to become successful business managers and leaders who play a crucial role in shaping the industries in their rapid digitalization journey. The five-year Integrated MBA (IMBA) curriculum is built precisely to address the evolving demands of future data-driven organisations, through offerings of subjects consisting of a seamless fusion of management discipline with artificial intelligence and analytics. This purpose-driven, future-focused IMBA programme with committed faculty members and well-established infrastructure has the power to shape the students to lead AI-driven initiatives across industries.

The School of Management, IIT Mandi welcome prospective students to explore the opportunity to become part of this exciting academic programme designed for the next generation of business managers and leaders in a world driven by data, automation, and intelligent systems.

## GOALS AND PRINCIPLES

*Since its inception, IIT Mandi has established itself as a top-tier technological institution. IIT Mandi aims to be a leader in knowledge creation and innovation, leading cutting-edge research and development in technologies that deliver the solutions that people in the region, the nation, and the world seek. To have a significant influence locally and globally, IIT Mandi firmly embraces cross-disciplinary research and development through a commitment to collaborate closely with the industry.*

# About IIT Mandi

IIT Mandi is a prestigious institution of national importance established in 2009 under the Institutes of Technology (Amendment) Act, passed by the Indian Parliament in 2012. The institute has the vision to be a leader in science and technology education, knowledge creation, and innovation in India, marching towards a just, inclusive, and sustainable society. IIT Mandi strives for exceptional value-based education, excellent research, executive education, consultation, and strong corporate as well as international ties. The Institute accentuates modern research, targeting both local and international problems. In a short span of 15 years, IIT Mandi has become a leading technology institution in national rankings by establishing cutting-edge infrastructure, delivering world-class research output, and producing rounded professionals contributing to nation-building in diverse fields.

# ABOUT IIT MANDI

## PROGRAMS AND INFRASTRUCTURE

The academic programs at IIT Mandi are distinguished by their innovative and design-oriented curriculum. The focus is on practical learning that goes beyond traditional theoretical approaches. Students are exposed to real-world projects, providing them with hands-on experience in solving industry and societal challenges. This emphasis on practical application gives students a taste of research and development (R&D), enabling them to tackle significant problems with creativity and critical thinking.

Faculty are arranged in broad, multidisciplinary schools to promote the synergistic blend of brains. While some academics focus on pure research, others collaborate with the industry to conduct applied research. Partnerships with like-minded institutions and industries in India and overseas are a strategic priority for IIT Mandi.

IIT Mandi offers its students quality education, opportunities to explore and flourish in various subjects, research opportunities, and an extraordinary campus life to cherish forever. The institution has a cutting-edge infrastructure like advanced labs, interactive classrooms, indoor and outdoor sports facilities, etc. These factors shape students into highly competent professionals, technocrats, and global leaders.

# SCHOOL OF MANAGEMENT

Established in 2022, the School of Management (SOM) at IIT Mandi is a rapidly growing management school dedicated to applied interdisciplinary research and imparting education in contemporary areas that can have a sustainable global impact in the field of management sciences. SOM has distinguished faculty with expertise in diverse areas such as data science, computer science, operations management, finance, marketing, consumer behavior, human resource management, economics, and more. Faculty members actively engage in applied research that focuses on benefitting both industry and society.

## **SOM'S PHILOSOPHY – ENRICH, ENGAGE, EXCEL!**

SOM believes in an enriched learning experience that goes beyond textbooks. The school opens doors to cross-learning opportunities that ignite students' potential and fuel their success. This is done by engaging with the industry and bringing industry experts closer to students through captivating guest lectures in anticipation that students will gain valuable insights straight from the minds shaping today's business world.

Internship opportunities are created that bridge the gap between theory and practice, allowing students to sharpen their skills in real-world settings. The school provides students with opportunities to explore different perspectives through social immersions and engaging projects that push their boundaries and help them achieve excellence.

Following this philosophy, SOM is currently offering IMBA, MBA and Ph.D. programs.

MBA in Data Science & Artificial intelligence is a distinctive offering that was initiated in the academic year 2022-23. The main objective behind this unique program is to impart in-depth exposure to data science tools and techniques with a strong emphasis on problem-solving approaches that are crucial for contemporary business leaders. The Ph.D. program encourages contemporary research on emerging issues in business management.

The school envisions to cater the needs of students at various stages of their academic journey. The five years Integrated MBA (IMBA) program is the latest endeavor towards expanding the program portfolio of the SOM. IMBA is designed to give a comprehensive learning experience from undergraduate to postgraduate level.

# ABOUT IMBA PROGRAM

## IMBA BACKGROUND

In today's rapidly evolving business landscape, technology plays a pivotal role in driving innovation and business growth. Over the past decade, India has witnessed a remarkable surge in technology adoption, fueled by accessible internet connectivity and affordable smart devices. This paradigm shift has removed previous barriers and opened up new opportunities, challenging established players and paving the way for agile and tech-savvy ventures to thrive.

Recognizing the need for future business leaders who are well-equipped to navigate this technology-driven era, the School of Management at IIT Mandi is offering the Integrated MBA Program. This program is designed to equip students with a comprehensive understanding of management along with skills in analytics, Data Science, Mathematics, and Statistics through a carefully curated curriculum. The IMBA program also incorporates relevant courses from other areas, such as Communication and the Indian Knowledge System, to ensure the holistic development of its graduates. Overall, the program aims to nurture future business leaders who possess a strong appreciation for technology and cross-functional management capabilities.

During the initial three years, the program not only hones students' critical thinking ability through foundational courses on management, analytics, mathematics, and statistics but also shape their personality through various workshops and courses on language, communication, art and personality development. The following two years offer students several specialized courses to learn about the application of technology across the functional areas of management.

## PROGRAM OBJECTIVES

**Innovative Education:** Deliver transformative management education by seamlessly integrating conventional, time-tested business principles with emerging digital technologies driven by innovative, research-driven, and experiential pedagogies.

**Adaptive Leadership:** Develop managers and future leaders to navigate complex, complicated, and evolving business landscapes through a strong foundation in sustainability, ethics, and social responsibility.

**Holistic Development:** Cultivate resilient managers and leaders by drawing on the rich wisdom of the Indian Knowledge System (IKS) and a wellness-oriented approach to personal and professional development.

# ABOUT IMBA PROGRAM

## DEGREE AWARD

After successful completion of five years of the IMBA program, the students shall be awarded two separate degrees as follows:

- ✔ BBA Analytics (Honors) (under the Integrated Master of Business Administration program).
- ✔ MBA DS & AI (under the Integrated Master of Business Administration program).

## WHY IMBA AT IIT MANDI?

- ✔ Be a part of one of India's prestigious Technical Institute.
- ✔ Benefit from a strong academic foundation and cutting-edge research facilities.
- ✔ Take advantage of the IIT ecosystem and develop resilience by training in a competitive environment.
- ✔ Equip yourself with a unique skill set that combines technical management expertise with acumen.
- ✔ Opportunities to train yourself to pursue exciting career prospects.
- ✔ Experience a lively campus atmosphere with various clubs, events, and cultural activities.
- ✔ Enjoy the serene and picturesque surroundings of the Himalayas at our Kamand campus.
- ✔ Join a vast network of successful institute alumni who have made their mark in various industries.

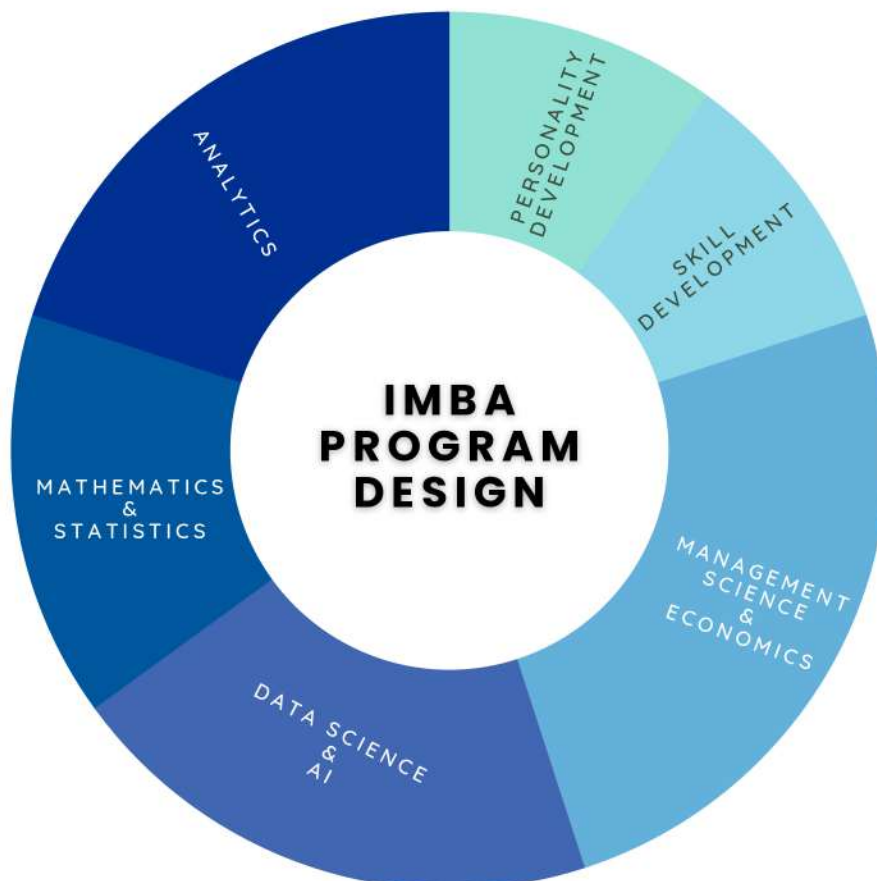

## EXIT OPTIONS

- ✔ The program allows the following exit options to the student:
- ✔ After successful completion of three years, upon exit, the student would be awarded a BBA Analytics degree.
- ✔ After successful completion of four years, upon exit, the student would be awarded a BBA Analytics (Honors) degree.

# ABOUT IMBA PROGRAM

## PROGRAM HIGHLIGHTS

- **Innovative Curriculum:** The program offers an innovative curriculum blending management education with the application of emerging technologies, data science, and AI. At the same time, the program also facilitates a strong understanding of business ethics, business law and other life skills. This is imparted through an experiential and immersive learning approach that fosters cross-functional thinking and a collaborative problem-solving mindset.
- **Industry Ready Graduates:** The program offers significant practical exposure to the students through industry internship opportunities and project-based coursework. The students will undertake two industry internships, one of which will be six months long. It places a strong emphasis on gaining hands-on experience and implementing classroom concepts in real-world scenarios. This practical approach bridges the gap between theory and reality, allowing students to apply their knowledge effectively.
- **Entrepreneurship Opportunities:** For serious student entrepreneurs, the course allows a sabbatical of up to one year to pursue an innovative startup venture. The existing robust entrepreneurial ecosystem of the institute could be leveraged by the students for this.

# IMBA CURRICULUM

## MANAGEMENT

- Business Communication
- Business Research Methods
- Decision Analysis
- Digital Business Strategy , Models and Transformations
- Entrepreneurship
- Ethical and Legal Aspects of Business
- Financial Management
- Financial Statement Analysis
- Foundation of Business Management
- Human Resource Management
- Business Law
- Marketing Management
- Micro Economics
- Macro Economics
- Operations Management
- Organizational Behavior
- Problem Solving and Decision Making
- Project Management
- Strategic Management
- Sustainable Business Practices
- Product Management

## ANALYTICS, DATA SCIENCE & AI

- Python Programming
- Data Structures and Algorithms
- Database for Managers
- Disruptive Technologies in DS
- Data Analytics & Visualization
- Introduction to AI and Automation
- Neural Networks for Business
- Machine Learning for Business
- Marketing Analytics
- AI for Marketing
- Financial Analytics
- Fintech
- Natural Language Processing
- Deep Learning for Business
- Causal Analytics for Business Decisions
- HR Analytics
- Social Analytics
- Applied Time Series Analysis

## MATHEMATICS & STATISTICS

- Calculus
- Linear Algebra
- Mathematical Foundations of CS/DS
- ODE and Integral Transforms
- Complex Analysis and Vector Calculus
- Linear Programming
- Optimization
- Multivariate Statistical Analysis

## SKILL DEVELOPMENT

- Art Forms
- Foreign Languages
- Life Skills
- Professional Skills
- Public Speaking and Debating
- Written and Verbal Communication

## PERSONALITY DEVELOPMENT

- Ethics and Values
- Introduction to Consciousness and Holistic Well-being
- Management Insights from IKS

## ALLIED SCIENCES

- Environmental Sciences
- Biotechnology and its Applications
- Materials Science for Engineers
- Applied Chemistry for Engineers

# ELIGIBILITY CRITERIA

**Applicants meeting all the following four criteria are eligible to apply.**

The applicants must have passed 12th (or equivalent) with a minimum of 75% marks (65% for SC/ST/PwD).

The applicants must have compulsorily studied Mathematics and English at class 12th (or equivalent) level.

The applicants must have appeared in JEE (Main) 2026 exam and obtained a Final NTA SCORE for Paper 1 (B.E./B.Tech.).

The applicant's Final NTA Score in JEE (Main) 2026 Paper 1 must meet or exceed the category-wise cut-off score for JEE (Advanced) 2026, as stated in the JEE (Main) 2026 Paper 1 scorecard.

# ADMISSION PROCESS

**The admission process is as follows:**

## APPLICATION PROCEDURE

- Applicants are required to apply through the IIT Mandi official website only using the following link:  
<https://iitmandiadm.samarth.edu.in/imba/index.php/>
- For any queries, please contact: [imba\\_admissions@iitmandi.ac.in](mailto:imba_admissions@iitmandi.ac.in)
- For any technical issues please contact: [it\\_helpdesk@iitmandi.ac.in](mailto:it_helpdesk@iitmandi.ac.in) and mark a copy to [imba\\_admissions@iitmandi.ac.in](mailto:imba_admissions@iitmandi.ac.in)

## SHORTLISTING OF THE APPLICANTS

- The applicants will be shortlisted on the basis of the NTA score obtained by them in the JEE (Main) Examination (Paper 1) 2026. A certain number of applicants will be called for the next step of the admission process. The shortlisted applicants will only be sent invitation letters via email for the personal interview. This information will also be available on the Institute's website.

## PERSONAL INTERVIEW

- This step involves a mandatory personal interview (PI) of the shortlisted applicants. A merit list will be prepared based on the Aggregated Score calculated using the weightage as follows:

| Component               | Weightage |
|-------------------------|-----------|
| NTA Score (Paper 1)     | 70%       |
| Personal Interview (PI) | 30%       |

The selected applicants will be offered provisional admission to the IMBA Program as per the merit list. The offer letter shall be sent to the selected applicant's email id as furnished in the IMBA application form. This information will also be available on the Institute's website.

# ADMISSION PROCESS

## IMPORTANT DATES

- The online Application Form begins on : April 15, 2026
- Last Date of Online Application : May 15, 2026
- *Date and time for the interview will be communicated separately via email.*
- *For Details: <https://som.iitmandi.ac.in/admissions/imba>*

## APPLICATION FEE

- GN/OBC (NCL)/EWS applicants: INR 2400/- for Male candidates; INR 1200/- for Female candidates.
- SC/ST/PwD applicants: INR 1200/- (Male and Female candidates)
- Foreign nationals/NRIs
  - From SAARC Countries: USD 100
  - From Non-SAARC Countries: USD 200

## PROGRAM FEE

The program fee details are available at <https://iitmandi.ac.in/fees>

# ADMISSION PROCESS

## IMPORTANT NOTES

- There are **80 seats including 20 percent supernumerary seats for female candidates** for IMBA programme of batch 2026-31 at IIT Mandi. The reservation as per GOI norms apply.
- Application fee once paid will not be refunded.
- Applications incomplete in any manner shall be summarily rejected.
- During the admission process or during the program, if it is found that the candidate has misrepresented, falsified, or hidden relevant information, his/her candidature/admission will be rejected/canceled.
- The admission offers will be made from the merit list in the merit order based on Aggregated Score, following the Govt. of India reservation norms.
- A limited number of candidates will be kept on the waitlist. Offers to the candidates on the waitlist will depend upon the number of candidates not accepting the offers.
- A candidate receiving the admission offer to the IMBA program from IIT Mandi must accept the offer and deposit the required institute fee by the stipulated date. Failing to deposit the admission fee within the stipulated date will lead to forfeiting of a seat, and the next candidate on the waiting list will be offered admission.
- The candidate who has accepted the offer and paid the fee must physically report at the institute on the reporting date to complete the admission process. Failing to physically report at the institute on the reporting date will lead to forfeiting of seat.
- The candidates' request for withdrawal from the program will be dealt with as per the institute norms.
- IIT Mandi reserves the right to change, modify, or adopt any new admission policy and process to comply with Government/Judicial requirements or that it deems necessary and which best suits its purpose of identifying and admitting the most appropriate candidates to the IMBA program.
- All candidates are advised to check their registered emails regularly and visit the IIT Mandi website for updates on admission-related information.
- All disputes would be subject to the jurisdiction of Mandi Courts only.

# INDUSTRY INTERACTION

At the School of Management, IIT Mandi, we ensure our students engage in meaningful dialogues with seasoned industry professionals, broadening their educational experience with real-world insights. These interactions span a wide array of subjects, from emerging technological trends and strategic leadership to operational excellence and global market dynamics, providing a holistic view of the business landscape.

Students are exposed to a diverse range of discussions, including innovation and digital transformation, sustainable business practices, global economic shifts, and the evolving nature of consumer behavior. These sessions are designed to offer a deep dive into the practical aspects of business management, equipping students with the knowledge to tackle contemporary challenges.

Moreover, our students explore themes around entrepreneurship, professional growth, and the integration of cutting-edge technologies in business, such as artificial intelligence and the Internet of Things. These comprehensive discussions ensure that our graduates are well-prepared to navigate the complexities of the modern business world, armed with both theoretical knowledge and practical acumen.

# EVENTS

## AIXCELRATE<sup>2025</sup> IIT MANDI

IIT Mandi's School of Management hosted AiXcelrate 2025 on September 6–7. This management conclave focused on the theme, "Igniting Innovation and Leadership in the Digital Era."

Industry leaders and students gathered to discuss how new technology and agile leadership are changing the business world. The event featured panel talks on ethics and creativity, along with case competitions and mentoring sessions. The weekend wrapped up with an energetic cultural evening of student performances

# EVENTS

IIT Mandi hosted the Himalayan Business Summit 3.0 on 17 & 18th of January 2026, bringing together experts to talk about the real-world impact of AI on business. The main takeaway? While AI can automate tasks, human judgment and ethics are still the keys to long-term success.

The summit featured three main panel discussions on leadership and data, alongside a high-stakes student case competition. Outside of the technical talks, students connected with mentors and celebrated with a cultural night featuring traditional Himachali Nati dance. Ultimately, the event showed that the future of business depends on balancing high-tech tools with emotional intelligence.

# EVENTS

The inaugural edition of AiHack India 2025, a premier 3-day Machine Learning hackathon, marked a significant milestone in strengthening the international ties between the School of Management at IIT Mandi and global financial leaders. Organized in collaboration with AIFUL Corporation, Japan's third-largest consumer finance company, the event brought together talented minds to tackle the theme of "Predictive Analytics in Consumer Finance". The summit was graced by esteemed guests Shinichiro Okuyama (Managing Executive Officer, AIFUL) and Daiki Machida, alongside SOM alumni currently working at AIFUL's Kyoto and Tokyo offices. Their presence provided a unique bridge between academia and industry, offering students firsthand insights into how AI drives real-world business solutions in the unsecured lending sector.

Throughout the intensive three-day competition, participants engaged in rigorous model building and strategic problem-solving. The delegates from AIFUL and the visiting alumni had an enriching experience at SOM, interacting directly with every team to provide technical mentorship and professional guidance. The event not only recognized technical excellence but also sparked a spirit of innovation and global collaboration. This successful debut has set a powerful stage for future international engagements, reaffirming IIT Mandi's commitment to nurturing forward-thinking leaders prepared for the global AI landscape.

# PEER LEARNING

At the School of Management, students actively participate in diverse activities. Engage in innovative projects, collaborative class activities, and insightful presentations. Explore strategic simulations, real-world case studies, and interactive discussions. Our programs foster critical thinking and leadership skills through hands-on experiences. Experience the dynamic atmosphere where learning transcends the classroom, empowering students to apply theory to practice.

# Student Experience

"IIT Mandi IMBA has truly changed how I think and solve problems. The people I've met, the challenges I've faced, and the real-world learning have helped me grow—not just as a student, but as a person."

**-Jayasri K R**

"Which accreditation crafts you into a Tech Maestro and backs you with the experience of a manager? Its an Integrated-MBA in a field that has grown, is growing, and will continue to grow— Artificial Intelligence & Data Science. Its an offer you simply can't resist."

**-Kanishk Gaur**

"From being the shyest to becoming one of the most vocal voices in class, IMBA truly transformed my communication skills. It made me believe that " you don't need to be the best, you just need to show up"

**-Palvika Sharma**

"I came here seeking growth, exposure, and meaningful connections, and this journey truly gave me that and more. At IIT Mandi, meeting people from diverse and creative backgrounds and listening to their stories every day broadened my perspective in the best way. Continuing my creative journey alongside such inspiring peers helped me grow both personally and artistically. The calm atmosphere and beautiful weather of the campus made the entire experience even more enriching and memorable."

**-Raghuvam Nigam**

# Student Experience

"The Integrated MBA in DS and AI has been a game-changer, sharpening both my professional skills and personal growth. It has enhanced my ability to think critically, manage time effectively and adapt quickly, providing skills that go far beyond the classroom"

**-Lucky**

"In just nine months, the IMBA at IIT Mandi helped me turn my music passion into reality—creating my first song and becoming a verified artist on Spotify and Apple Music. This program goes beyond academics, fostering both creativity and career growth, and truly reshaping how you approach success"

**-Prathmesh Singh**

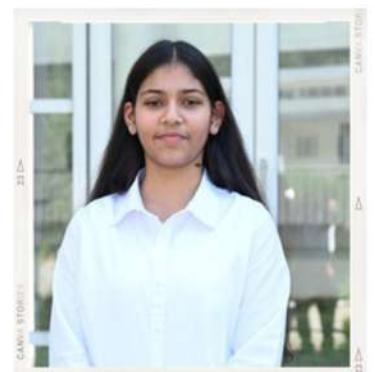

"At IIT Mandi, every challenge is viewed as an opportunity for learning and reflection. The presence of distinguished professors stimulates your thinking, and the high standards encourage you to think beyond the obvious, striving for excellence"

**-Akshat Mishra**

"This program's unique fusion of management and technology sparked my interest and has since reshaped how I learn and lead. Facing real challenges early on sharpened my adaptability, while exposure to industry leaders and hands-on experiences have made the journey truly empowering"

**-Anshika Ranot**

# Student Experience

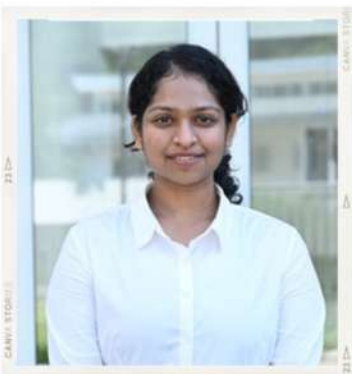

“Blending technology with management has reshaped the way I think, work, and grow. This journey has sharpened my decision-making and time management, while enriching my perspective through real-world learning and peer interactions”

**-Krishna Gupta**

“What started as doubt turned into unwavering confidence as I embraced every challenge here. From winning competitions to exploring diverse cultures, this journey has redefined my limits and prepared me to take on the world”

**-Loveleen Kaur**

“What stands out the most is the exposure—where else do you get to sit between a CSE undergrad and a PhD in meditation? Here, opportunities chase you, just say yes!”

**-C Yuktha**

“From dancing across cultures to winning gold in tug-of-war, this program offers growth, unity, and unique opportunities—if your heart says yes, go for it!”

**-Kowshika M**
